September Newsletter

Tenant Tip

September is the time of year that signifies that fall is right around the corner! Daylight hours start getting shorter, the air starts getting cooler, and people start to close their pools for the season. This fall, U-Stor-It has some helpful tips on getting your pool ready for the cool!

USE SHRINK WRAP!!!

- Helps to keep your winter tarp secure to prevent it from coming undone
- Will help in keeping unwanted debris out of your pool

Tenant Reminder

Tenants please remember that we do not allow moth balls in the facility for any reason!

The smell from moth balls will permeate into other units and into the personal belongings of our other tenants. Please be courteous to our other tenants and follow the guidelines of the lease agreement.
